RIBA MUNDO TECNOLOGÍA

RIBA MUNDO TECNOLOGÍA RETURNS TO GROWTH IN H1 2026:
REVENUES OF EUR 102.6 MILLION, +2.9% VS EUR 99.7 MILLION IN H1 2025

Valencia, August 7 2026

Riba Mundo Tecnología S.A., (the **"Company"** or **"Riba Mundo"**) - tech company specialising in Big Data active in the B2B segment of consumer electronics, based in Valencia (Spain) and listed on the Euronext Growth Milan market – met today to review the preliminary consolidated revenues[1] as of June 30, 2026.

In the first half of 2026, **revenues** growing to **EUR 102.6 million**, up 2.9% from EUR 99.7 million in the first half of 2025, marking a return to positive performance following the fire that struck the Valencia warehouse in early 2025 and confirming the ongoing recovery trend.

The **number of orders** totaled **31,630 units** in 1H2026, compared to 14,013 units in 1H2025, while the **number of units sold** stood at **610,159 units** in 1H2026 compared to 912,992 in 1H2025, because of a sales strategy focused on selling products with higher unit prices than in the past.

It should be noted that the first half of 2025 saw consolidated revenues of EUR 105.2 million, reflecting the contribution of €5.5 million in sales from ePriceIT, which was deconsolidated following the sale of the controlling stake in September 2025.

Marco Dezi, CEO di Riba Mundo, quoted: "*The results for the first half of 2026 confirm the strength of our business model and Riba Mundo's ability to maintain its market share even in a still-challenging environment characterized by volatile demand and intense competitive pressure. Revenue growth is a further sign of the consolidation path the Company has embarked upon and of the trust that customers and partners continue to place in Riba Mundo. We also continue to invest resolutely in innovation, digitalization, and operational efficiency. During the year, we completed the implementation of our new automated logistics line, which also incorporates AI solutions, and our new B2B portal—fully integrated with our proprietary MarVin software—is already fully operational. These are strategic investments that will enable us to further improve process efficiency, offer an increasingly advanced service to our customers, and strengthen the Company's long-term competitiveness.*"

The Company announces that it has received a new communication from the audit firm BDO Auditores SLP ("BDO") regarding the status of the audit of its 2025 financial statements.

Following BDO's appointment as auditor on May 26, 2026, and its acceptance of the engagement on May 28, 2026 (as disclosed in the press release dated June 25, 2026), and considering that this is the first financial year subject to audit, as well as the extraordinary circumstances that arose during the year, which required enhanced efforts from both the Company's team and the audit team, the audit work has been carried out with the utmost diligence and efficiency. The process is currently in its final stage, including completion procedures, final review, and the assessment of subsequent events.

Accordingly, BDO expects to complete the audit of the Company's annual financial statements for the 2025 financial year during September 2026.

The Company will continue to keep the market informed of any material developments relating to this process.
